- Which target groups does your project address?
- Subject matter and execution of the project
- What do you believe are the special characteristics of your project?
- Which of your initial aims did you achieve?
- Why would you call yours a successful project?

3. Selection criteria

(no more than a ½ DIN A 4 page per criterion, font size 12)

3.1. Child-Friendly Neighbourhood Planning

- a. How does your urban planning strategy specifically address the needs of children and young people and provide spaces with a range of dwelling forms and layout of floorplans?
- b. In which way does your project foster health and safety of children and their families' living conditions?
- c. How does your project provide access to families from all social strata and foster generation dialogue?
- d. In which way can your project incorporate public facilities of the neighbourhood or create new ones?

3.2. Innovation

- a. What makes yours a cutting edge project?
- b. In which way has your project created added value?
- c. Which other aspects do you consider of particular importance in this context?

3.3. Funding

- a. Which financing model did you choose?
- b. Did you succeed in finding sponsors (private or public) and additional funding for your project?
- c. Which other aspects do you consider particularly important in this context?

3.4. Acceptance by Users

- a. To what degree do children and young people make use of the facilities offered by your project?
- b. Have your expectations as regards utilisation frequency been met?
- c. Which other aspects do you consider particularly important in this context?

3.5. Degree of participation

- a. Which social groups have been involved in the planning and execution of the project?
- b. Which participation methods were used?
- c. Which other aspects do you consider particularly important in this context?

3.6. Transferability to other municipalities

- a. Is the implementation of your project dependent upon conditions special to your community? If so, what are these?
- b. Has your project already been copied by others?
- c. Which other aspects do you consider particularly important in this context?

3.7. Publicity Strategies

- a. What measures do you put in place to ensure public awareness of your project?
- b. What is the media response to your project? (e.g. newspaper articles, TV coverage)
- c. Which other aspects do you consider particularly important in this context?

3.8. Sustainability

- a. What criteria do you use to judge the long-term success of your project?
- b. Were you able to acquire permanent financing for your project?
- c. Which other aspects do you consider particularly important in this context?
- d. How does your project grant social inclusion and ecological sustainability?

Legal notes:

I hereby declare with my signature that the information submitted is correct to the best of my knowledge. If the submission is successful, at least one representative of the city will attend the award ceremony in Stuttgart on 14th May 2012 and deliver a presentation of the project.

The applying city consents to the publication of the submitted work within the framework of the 4th European Award of Excellence "City for Children".

The applicant hereby confirms the necessary authorization to use all pictures, text, architectural plans, online media, CD productions, video files etc. submitted with the application to which copyright rules apply.

Plans and pictorial material which is not intended for publication must be marked separately when submitting the application documents. Possible claims by third parties cannot be accepted by the City of Stuttgart for publication as part of the contest documentation (such as press releases, documentary brochures, mobile exhibitions etc.). Any such claims must be met by the applicant.
